NO DECISIVE RESULTS YET IN THE CONTEST

London Says German Lines Are Wavering-Belgian King Shoots Disloyal Chauffeur-No Change in Positions

Paris, Sept. 22.—The King of Belgium shot and instantly killed his chauffeur last night. The latter was a German spy and was trying to drive the king through the lines into German territory. The king drew his revolver and shot the man,

The Germans have tried vainly for the past 24 hours to break through the allies' lines. The attacks have become weaker and now the Germans are depending on the artil-Aisne river. The losses are enormous on both sides.

say that the German line is wavering German general staff. and that the allies reinforced by fresh troops are rapidly getting in a position to crush the opposition.

About Dickinson Horses

The races for Wednesday are the 2:22 trot, the 2:24 pace, the 2:14 pace, and a five furlong running race. In the 2:22 trot Nig Harris, owned by W. H. Harris of Solomon, is entered. George Etherington's Billhurst is entered in the 2:24 pace and Abilene folks will be there to watch Billhurst, which has made a great record this year. W. H. Liggett will have two horses in the 2:24 pace. In the 2:14 pace. Tracy Conklin's Phil Hurst is entered.

Notes of the Fair The Abilene band will play all

during the fair week, including Saturday.

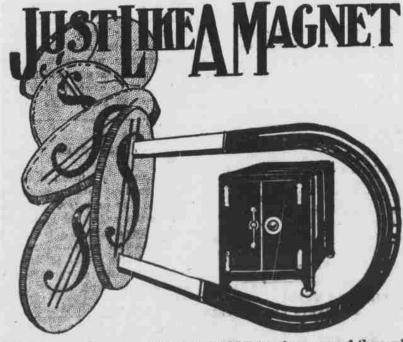

One of the products that is occasioning considerable interest is feterita, the forage crop which is comparatively new here. Stories of second crops and the fine appearance of the crop seem to promise that many farmers will plant feterita after they have seen the exhibits

...

Congressman George A. Neeley, Democratic candidate for the United States senate, will be in Abilene Saturlay on a campaign trip and will speak in front of the grandstand at the fair grounds just before the motor races begin.

\* \* \*

Thomas J. Talbert, bug expert, is here from Manhattan with his exhibit of bugs, and this will be an agricultural hall. Mr. Talbert has just been elected by the board of administration to the position of entomologist at the agricultural college. His particular field is to educate the people of Kansas in methods of controlling insect pests, and one of his first steps in his new work was the coming here.
